

GROSVENOR TECHNOLOGY ENVIRONMENTAL POLICY STATEMENT

As members of the local community we also share its concerns and will make every effort to ensure that we minimise any adverse effects that our undertakings and operations may have on the environment.

Grosvenor Technology will achieve the commitment of safeguarding the environment by undertaking and implementing the following:

- A. As a minimum, to comply with the requirements of relevant legislation
- B. Reviewing and understanding the environmental impact of our activities
- C. Reducing energy and resource consumption by implementing effective and efficient reduction methods consistent with best practice
- D. Where reasonably practicable, avoid the use of toxic and environmentally damaging materials
- E. Preventing damage to the countryside resulting from the release of polluting substances
- F. Minimising the generation of waste and implementing recycling initiatives
- G. Ensuring that this policy is understood, implemented and maintained at all levels in the organisation and is supported by suitable education and training
- H. Periodically reviewing this policy to take account of changes in organisation, legislation, and any other internal and external factors.

Marie-Claire Dwek
Chief Executive Officer
